

BDMV & Co.

Professional Integrity, Accountability & Services par excellence

Welcome

Tuesday, 15 August 2017

Welcome to the BDMV & Co., Chartered Accountants' new blog! Our blog will give us a unique opportunity to share news, updates and content, while also offering a place for us to interact with our clients and peers.

We, at BDMV, are focused in Income Tax and Goods & Service Tax, financial advisory, business restructuring & auditing. We have the knowledge in key areas of business taxation & corporate laws. We will keep our clients updated with growing complexity of the Indian Tax & Corporate laws as well as international taxation.

Our blog will allow us to leverage social technologies to engage in two-way communication with our clients and to take your feedback into consideration as we create new content, tools and resources. As we continue to build our blog, we'll also create tax & corporate laws related content so you can learn more about the latest news, research and tips about your specific type of business related issues.

Our deep desire is to ensure that we provide an extra edge to our clients in their growth. Our intent is clear that our client takes care of their business, we will take care of the rest. While Clients grows and progresses in their business, we stand beside them as a supporting cast by providing all services under one roof. Thus, we have that inexhaustible power to add and deliver extraordinary value to our clients and not just mere service.

We'll aim to blog a couple of times in a month, and talk about a variety of topics but they will be topics that will hopefully, keep you interested and let you know how ever-changing taxation & corporate laws will affect your business processes, so that you can adopt best practices.

Of course, we wouldn't want you to think that we've abandoned our long-held values of being friendly and approachable. We still firmly believe in the values of an open door, welcoming you to visit the offices, whenever you need and of course being able to talk over phone, whenever you need too. However, it is vital for our profession that we adopt new communication channel available in digital world, and we must admit it's been an eye opening, but exciting experience. Feel free to comment on any blogs or connect with us socially.

We look forward to growing with you as we embark on this new journey.

Thanks!!!

Team BDMV
